CORRIGENDUM

Genes & Development 31: 1933–1938 (2017)

Corrigendum: Genetic interrogation of replicative senescence uncovers a dual role for USP28 in coordinating the p53 and GATA4 branches of the senescence program

Anna E. Mazzucco, Agata Smogorzewska, Chanhee Kang, Ji Luo, Michael R. Schlabach, Qikai Xu, Rupesh Patel, and Stephen J. Elledge

In the Supplemental Figures originally published for the above-mentioned article, [Supplemental Figure 4](#) was inadvertently replaced with a second copy of [Supplemental Figure 2](#). We have now rectified that error with the correct [Supplemental Figure 4](#) in its proper place.
