Corrigendum: FGF signaling regulates development by processes beyond canonical pathways

The above-mentioned article contained an error in Figure 6A. Two panels shown in the scratch assay of serum-treated *Fgfr1*^{+/cKO}; *Fgfr2*^{+/cKO} and *Fgfr1*^{cKO/cKO}; *Fgfr2*^{cKO/cKO} cells were the same, as the wrong file was used for the *Fgfr1*^{+/cKO}; *Fgfr2*^{+/cKO} panel. Figure 6 has now been corrected in the article online. The conclusions of the manuscript are not affected as all cells spread equivalently under these conditions. The authors apologize for this error.
